

GIRL ACCUS-
ES PRIEST

Rev. Hofer, of St. Joseph Ridge, is
Charged With Serious Crime--
Flees From Warrant

Charged with a serious crime in which a Miss Taylor is complaining, witness, and with prison bars staring him in the face, Rev. Father Hofer, priest at the St. Joseph ridge Catholic church, has fled and is being pursued by the authorities in whose hands is a criminal warrant for his arrest, sworn out yesterday before Judge Brindley at the instance of John Clements, a well known farmer of the ridge. It is said that Rev. Father Hofer has not been seen since Tuesday, when his alleged crime was divulged by the girl.

It is charged in the complaint that Rev. Father Hofer, who is a rather old man, ignored the chastity of Miss Taylor, a pretty orphan girl, just about eighteen years old. At the time the alleged crime was committed the girl was under eighteen, which makes the crime a penitentiary offense.

Many sensational stories are told in connection with the affair.

It is stated that Bishop James Schwebach discovered that matters were seriously wrong at the Hofer pasture about a week ago and that he visited the priest's home Monday, bringing Rev. Father Hofer to La Crosse with him. The priest left word with his housekeeper that he was going to La Crosse for a visit and little was thought of the matter by the housekeeper until the arrival a day or so later of Rev. Father Beyer, who announced that he had come to take the place of Father Hofer, who would not return. The parish is now in charge of Rev. Father Beyer.

Meanwhile the warrant was sworn out and placed in the hands of Under-Sheriff William Scott, who since has been searching diligently for the missing clergyman. He has not been found, however, up to a late hour this afternoon.

Up to the time of the discovery of his alleged serious crime Father Hofer was highly respected in his parish. An old fashioned gentleman of about 60 to 65 years, he was looked up to by the community with great veneration.

He went to St. Joseph ridge two years ago from Rising Sun, Minn. Under-Sheriff William Scott went out this morning with a team, for the purpose of locating the man if possible. As this may require no little amount of detective work, it may be several days before he is apprehended and brought to face the courts.

If that pastor pleads guilty, the lightest sentence which can be given him is three years in the penitentiary. It is reported today that Rev. Hofer has not left the city, though this seems improbable.

Miss Taylor, his victim, is now seriously ill.

STEAMER LILY HAS
NARROW ESCAPE

The U. S. government steamer Lily was obstructed in her course down the river by the sheer boom of the Mississippi Logging company at Alma, Wis., says a dispatch from that place.

The boom has been swung out temporarily.

A man was placed there to open it for any boats that might come. He went to sleep and the Lily came tearing down the river under full steam toward the boom thinking that it was open.

By suddenly reversing the engines, the boat came to a stop and escaped what might have been a serious accident and great loss of life.

The government has ordered the logging company to take the boom out immediately. This is the second escape of boats from being wrecked on the boom.

A short time ago the steamer Rutledge struck the boom and wrecked two log rafts so the government is doing right by ordering the boom out of the way of steamboats.

LA CROSSE FIRM
MAY LOSE PAV-
ING CONTRACT

W. F. Wolfe, attorney for the La Crosse Stone company, is in Racine in connection with a large paving bid recently accepted from the La Crosse Stone company by the city of Racine. It seems that since the contract was let, the citizens of the streets to be paved have demanded that asphalt pavement be installed and the city may, therefore, decline to award the contract. The La Crosse concern's bid was lowest and the bid was accepted. The bond was put up by the local concern, but as yet the contract has not been awarded and may not be.

Beginning next Monday the Bijou evening performances will start a trifle later. The first performance will begin at 8 o'clock instead of 7:30 and the second performance at 9:15 instead of nine o'clock.

Kalweit, John Rackleman, Louis Linker, Joseph Seiger.

This afternoon was "children's day" at the Bijou—all the little folk being admitted for 5 cents. A large crowd of them were delighted with the performance.

THE ATLANTIC.

(New York Herald Special.)

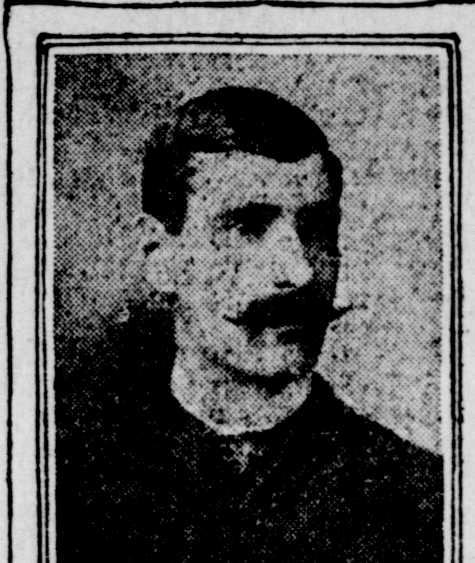

NEW YORK, June 2.—Captain "Charlie" Barr's words shouted from the deck of the Atlantic to your New York correspondent on the tug Mutual, which was the last to drop the racing yachts on the starting day. "We'll be in London on Decoration Day," were evidently inspired.

Those words were spoken three hours after the starting gun had been fired. The Atlantic was then a score of miles at sea, with the Alisa, which had led the procession for an hour, scudding along under a freshening breeze more than a mile astern.

A few moments later, with a final cheer from his crew in answer to the shrill toots of farewell from the tug, the Atlantic vanished in the thick fog gloom which settled down over the sea.

President Tells Cassini How Badly Russ are Out

Washington, June 3.—The president has struck a blow for peace in the Far East. In a conference at the White House with Count Cassini, the Russian ambassador, he expressed the earnest hope that Russia would forthwith conclude peace with Japan. Prolongation of the war, he believes, will not result in victory for the Russian arms, and can only serve to increase Japan's demands and render more difficult the drafting of a treaty of peace which the czar as well as the mikado can sign. The president spoke, he said, as the friend of Russia, no less than of Japan, and on behalf not only of the Washington government but in the interest of humanity.

Diplomats Are Hopeful of Peace.

Until his words have reached Tsarskoe Selo and have been communicated to Emperor Nicholas in the friendly spirit in which they were uttered their effect cannot be estimated. Soon after reaching his embassy Count Cassini began the preparation of a dispatch to his government. Neither at the White House nor at the Russian embassy could a formal statement regarding the conference be obtained. Throughout the diplomatic corps there is expressed a strong hope that this conference marked the first step toward peace.

Nothing in It Any More for Russia.

Unaccompanied Count Cassini called by special appointment at the White House at 2:30 p. m. He was ushered at once into the Blue Room, where he was joined immediately by the president and a conference followed lasting about half an hour. A general and entirely informal and personal conversation upon the whole situation took place. The president informed the ambassador that his opinion was that it would be a mistake for Russia to continue the war. In addition to the suffering entailed by the naval conflict he did not believe that Russia has anything to win in prolonging hostilities.

Any Terms Now Would Be Best.

What Japan's probable peace terms would be the president was wholly unable to say, but he did not hesitate to express the opinion that difficult as these conditions might prove in the light of such a victory as that gained in the Korean straits they would increase in severity with every day that a state of war continued. Unless Russia has substantial hope of administering a decisive defeat to Japan in this war the president believed it would inure to the interests of the St. Petersburg government to conclude peace at once.

CANNOT SEE IT THAT WAY

Cassini Disagrees with the President on Every Point.

Cassini could not see, however, that there was anything in the present situation—unfortunate as it undoubtedly was for Russia—which necessitated Russia suing for peace. As to territory, he pointed out that China and not Russia had been the loser, for even Port Arthur was held only under lease. On the sea Russia had nothing more to lose, he said. It was the ambassador's firm opinion that this was not "the psychological moment" in which to discuss peace with Japan. What ever might be the ultimate decision of his government he took the ground that Russia could lose nothing either by waiting or by continuing the war on land.

There was hope yet of a victory for the Russian arms, and in any event

TWO MORE SEALS IN THE WABASH RIVER

Mount Vernon, Ind., June 3.—Two seals have been seen playing in the lower Wabash river. It is the second time they have been observed this year. They were also seen early in the winter, near Frutegat's ferry. The seals seem to remain in hiding during the day, but move about at night and in early morning.

No effort has been made to capture them, and the farmers seem desirous of leaving them alone. The seals are very shy, and they quickly disappear on the approach of any person. Where they came from is a mystery, but their presence in the Wabash river cannot be disputed.

Among those present from out of the city were Mr. and Mrs. M. C. Burgh of Madison, Wis. Mr. and Mrs. Runckle were the recipients of many handsome presents from their friends. They left that evening for a trip to Milwaukee and Chicago and expect to return tomorrow when they will be at home to their friends at 147 South Seventh street.

The morning of Decoration Day dawned bright and clear carrying joy to many hearts. Although many country pleasures had been called off on account of the heavy rains of the day before before noon every rig in the city was called into requisition and picnics and rides came off as scheduled in nearly every case.

The formal opening of Schaghticoke club was one of the events planned and was as successful as one could desire. Between eighty and ninety sat down to a table d'hote dinner of delicious viands served in un-reproachable style.

Among those who entertained at private dinner parties were Mr. and Mrs. S. Y. Hyde, their guests being Messrs. and Mesdames J. S. Medary, N. D. Allen and Robert S. Hyde.

Mr. and Mrs. L. F. Easton's guests

were Mrs. Losey, Miss Fanny Losey, Miss Katherine McDonald, Mr. G. M. Woodward, Louise, Margaret and Clarke Easton.

Mr. and Mrs. A. S. Farnam and children, Mr. and Mrs. F. M. Egbert and children, Mrs. James Spier, Mrs. Alfred James, Burton James and Kenneth Whyte took a country drive and picnic supper the afternoon of Decoration Day.

A delightful picnic luncheon was given at the home of Mrs. Andrew Lees. Those present were Mesdames Moulton, Law, Finch, A. P. Hankerson, Marston, Abby Burton, Miss Helen Burton and Miss Jefferson and Emma Finch.

Mr. and Mrs. W. W. Cargill took a party out on the river in their boat. In the party were Mr. and Mrs. D. Cunningham, Mesdames L. C. Colman, W. E. Sawyer, E. H. Hankerson, H. L. Colman.

Pettibone Park and Myrick Park were both scenes of many parties during the day. The wagon bridge was thronged all day with pedestrians and carriages and when "night spread its sable curtain" there was a whole lot of tired but happy humanity.

Mr. and Mrs. J. M. Hixon gave a launch party Friday afternoon to a dozen friends.

The Lamb pleasure boats, the Wanderer and Idler will arrive here tomorrow on the return trip from Minneapolis with a party of Minneapolis and Clinton people. Mr. and Mrs. F. P. Hixon who were also with the party will entertain them at dinner tomorrow evening.

Miss Margaret Marston entertained Miss Williams, the French teacher at Mt. St. Joseph's, at luncheon Wednesday.

Miss Irma Candrian entertained the Saturday afternoon Sewing club at her home today.

Mr. and Mrs. J. Spier Colman entertained a company Thursday evening to meet Rev. W. A. Main, a missionary from Yenching, China. The evening was pleasantly passed in listening to his experiences in foreign lands.

SOMETHING GOOD.

Ever since the ladies of the Presbyterian church scored so great a success in their "Mother Goose" entertainment last fall, their friends and admirers have constantly anticipated something good at their hands. Mrs. Rose Manning Morphy has most kindly consented to take charge of a musical evening at the residence of Mrs. W. S. Cargill, Twelfth and Cass streets. Mrs. Morphy is a soloist whom it is a rare treat to hear and who needs no introduction to a La Crosse audience. She will be ably assisted in the evening in question by Miss Charlotte Simon, a violinist who has studied four years under Jacobson and Van Oordt.

In addition to the violinist, the Liszt Quartette will render a number of selections. The personnel of this quartette is:

First soprano—Miss Alida Lindsey. Second soprano—Mrs. Evelyn Lawson.

First alto—Miss Barbara Russell. Second alto—Mrs. Rose Manning Morphy.

These singers have each splendid reputations as soloists, and need neither introduction nor praise. This will be the first public appearance of this quartette, and they will certainly do fine work.

La Crosse has never possessed a ladies' quartette and there is much interest expressed in regard to it.

The affair will be an artistic success and every music lover in La Crosse will look forward to it.

JAPANESE TEA.

Monday afternoon Miss Eva Horner gave a Japanese tea in honor of Miss Dora Hellfack whose wedding took place Thursday. The decorations were a la Japanese, consisting of fans, umbrellas and dainty place cards each bearing a pretty and appropriate sentiment. Bridal wreaths were used in profusion for the floral effect. Those present were Mesdames Alfred Langenbach, F. B. Smith, John Bayer, John Doherty, E. J. Evans, F. N. Funke, W. A. Wiggenhorn, W. B. Tscharner, Maude Pettin-gill, Eleanor and Melinda Funk, Mary Miller and George Twigg of Ashland.

COFFEES.

Thursday afternoon Mrs. A. S. Wiloughby entertained a few of the neighbors at a little farewell coffee given for Mrs. F. M. Egbert before she goes to her new home. Royal eucure was played during the afternoon.

Thursday afternoon Mrs. Minnie Runckle gave a pleasant little coffee the guest of honor being Mrs. M. C. Burgh of Madison who was here to attend the nuptials of her niece, Miss Nora Elstad and Mr. Louis Runckel. Other guests presents were Mesdames E. Elstad, Fox, Carl Runckel, G. Schilling, Augusta Metzgar, Meuller and Forset.

C. A. STERLING SETS NEW PACE FOR HOTEL MEN

(Continued from page 1.)

days without coming a financial cropper is anything of a spring chicken. Mr. Sterling brings from that early experience a fund of worldly knowledge, horse sense and good yarns. He is always ready with a telling anecdote, and in his personality is found one of the first reasons why his trade has outgrown his capacity so soon. He has serious business judgment coupled with a kindly interest in his fellow men, especially young fellows, and to "swap" yarns with him is apt to be instructive as well as entertaining.

When interviewed concerning his new plans Mr. Sterling was surrounded by a party of young athletes, with which class he is a favorite, being a "fan" of the enthusiastic order. "I don't think I'm getting too fast," he said. "The fact is, this old town is growing faster than we realize; I just want to keep up, that's all."

He certainly is keeping up. The new grill room, 20 by 30 feet, will be at the north of the rear court of the hotel, connected with the buffet and the office by a passage that gives easy access to both. There will also be an outside entrance.

The tile flooring is of large design, and around the room will extend a wainscoting of marble, rising to the height of six to seven feet. Above this handsome base the walls give way to one continuous glass window, giving the effect one sees in a drawing room car in one of our great through trains. Above this will be a frescoed ceiling of fancy pannels. The entire effect promises to be dazzling, and will exceed in magnificence anything in the city. The design is similar to that used in the Cheek, Minneapolis' leading institution.

The furniture is to be of mahogany. The tables will be wonders of beauty and tastiness, and the chairs are pretty affairs, the order including forty that cost \$7 each. The rest of the furnishings and equipment will be in keeping with those already described, and there will be nothing wanting to make The Law the leading hotel of this popular sort in this section of the country.

LAWSON HAS MADE GOOD.

(From W. J. Bryan's Commoner.)

The "frenzied" financiers have accused Mr. Lawson of making threats without carrying them out, but they will have to admit that his article in the June number of Everybody's Magazine is specific enough. He charges Rogers, Stillman and Rockefeller (William) with a deliberate fraud of gigantic proportions. He not only charges the fraud but he gives names, dates and details. He declares that they endorsed his prospectus and paid for its publication; that they agreed to protect the stock from a decline and that they in violation of good faith, put in a bid of their own after the other bids were opened.

Now, what have Rogers, Stillman and Rockefeller to say to this? Will they admit that they were engaged in a swindling operation involving millions? Will they deny it and sue Lawson for libel?

The National City bank of New York City is the largest bank in the United States, and James Stillman is its president. The bank discharged one of its vice presidents a few weeks ago when the Munroe & Munroe investigation showed that he was in syndicate organized to boom certain stock by "wash sales." Will the bank discharge its president now that he has been exposed?

Mr. Rogers is the moving spirit in Standard Oil; will his participation in the "crime of the Amalgamated" excite the wrath of John D.? Or will the senior Rockefeller regard it merely as proof of Rogers' fitness for the position he now holds? Lawson has "made good." What a sorry spectacle our great financiers present! Scarcely one of them of prominence but what has been shown to be connected with some dishonest scheme. These are the men who talked so loudly about "national honor" in 1896; these are the men who think that they have a vested right to control the federal treasury and dictate the financial policy of the government; these are the men who stand behind the trusts and the railroads today and resent any attempt on the part of the public to protect the people.

The shipbuilding trust investigation, the Munroe & Munroe investigation, the Equitable scandal, the railroad rate controversy, the Bigelow failure, the Tarbell articles on the Standard Oil, the Russell articles on the beef trust, the Steffens articles on municipal corruption and Lawson's articles on frenzied finance—what side lights they throw on plutocracy! They all contribute to the education of the people and prepare the way for the triumph of Jeffersonian democracy.

AS TO KNEADING BREAD.

The editor of a leading North Dakota newspaper recently published the following comment on a news item:

"It is reported that one of Harvey's (North Dakota) fastidious newly married ladies kneads bread with her gloves on.

"This incident may be somewhat peculiar but there are others. The

editor of this paper needs bread with his shoes on; he needs bread with his shirt on; he needs bread with his pants on; and unless some of the delinquent subscribers of this Old Rag of Freedom pay up before long he will need bread without a damn thing on and North Dakota is no Garden of Eden in the winter time."

PROGRAM FOR BIG CONVENTION OF FORESTERS OUT

Three High Officers of the I. O. F. Will Assist in Initiating Class of Over 150

The plans for the state convention of the Independent Order of Foresters, the first of the series of conventions to be held in La Crosse this month have been completed. The convention opens June 7th and lasts two days.

The high court meeting opens at 10 o'clock, Wednesday, June 7th, and will be attended by three officers of the supreme court of Toronto, name-

vising delegates, who will number at least two hundred.

State officers will be elected during the session of the high court and business of importance to Foresters will be transacted. This is one of the important conventions of the year and the main streets of the city will be decorated with flags and electric effects during its sessions.

The Preliminaries.

The preliminary work of arranging the details and preparing the large class for initiation is of great importance and has been carried on by Mr. W. A. Crouch of Detroit, D. S. C. R., and Miss Daisy D. Shook, of Chicago, D. S. C. R. of subordinate courts, with the assistance of the local committees. There has never been in the history of the local lodge of the Independent Order of Foresters a class so large initiated at one time. After the state convention the La Crosse lodge of Foresters will be one of the largest in the state.

The local committee of Foresters which has had charge of the arrangements with the assistance of the supreme court deputies are as follows:

Chas. C. Looney, chairman, Geo. B. Marvin, J. H. Schneller, Sol. Burdick, Chas. W. Willey, L. W. Pomeroy, G. A. Phelps, Mrs. Anna Lee, Mrs. Louise Ott, Mrs. Theresa Deroff, Mrs. Mary B. Looney, Mrs. Ida B. Marvin, Mrs. Martha Freeman.

W. A. CROUCH, D. S. C. R.

Supreme Court Deputy who has done much toward making the big convention of the I. O. F. a success.

ly, John A. McGillivray, Hon. H. A. Collins and Hon. A. E. Stevenson. This session will be opened by an address of welcome by Postmaster W. B. Tschanner. The greater part of the day will be given over to the transaction of the business of the convention. All Foresters—and not alone delegates are admitted to all sessions. In the evening of the opening day there will be addresses by the officers of the supreme court, at Linker hall, and by local men until about 9:30. At 8 p. m. a class of 150 new members will be

DAISY D. SHOOK, D. S. C. R.

Deputy of subordinate courts who has been instrumental in enlarging the class for initiation.

obligated by the supreme officers in attendance, which ceremony will be witnessed by all assembled Foresters. At 9:30 the floor will be cleared for the dance which follows.

Thursday, June 8th, there will be a carriage ride about the city and several forms of entertainment for the

WOODMAN "GOAT" TO GET JUST DESERTS

The lodge goat and woodcraft will be permanently divorced at the coming head camp if the editor of the Modern Woodman succeeds in having desired amendments adopted on that point. He has recommended that the ritual be so thoroughly safeguarded that no portion or passage of it can be construed to warrant the use of any camp goat or other "dangerous appliance." He maintains that the practice detracts from the dignity of an order so large and influential as the Modern Woodmen. Furthermore the society has had several damage suits during its history which originated in the use of instruments of horseplay.

It is expected that the delegates will endorse the action at the last head camp in providing for a board of supreme medical examiners, as the department has proved of such value in keeping out poor risks that the wisdom of the move can not be questioned. Along the same direction an attempt will be made to have the medical examiners on the recommendation of the head physician, instead of having them elected as at present. The law committee has recommended the holding of the head camp every four, instead of two years, which means a saving of about \$200,000 per term to the society. The same committee will not favor a proposition for a \$250 certificate for the benefit of members, without particular friends or relatives, who merely desire expenses for their last sickness and their burial.

LAW FIRM DISSOLVES

The law firm of Higbee and Bunge will by mutual agreement be dissolved July 1st. George W. Bunge, Mr. Higbee's partner, will go into business for himself, and E. C. Higbee, the senior member of the firm, will take into the firm his son, Jesse Higbee, who graduates from the University of Wisconsin Law school soon.

The firm of Higbee and Bunge has been one of the leading law firms in this city for about seven years. Both of the members have practiced law here much longer, however. Mr. Bunge formerly being associate with Mr. Charles Hebbard. The new firm of Higbees will remain in the Linker block.

is "full of inspiration" for all men who believe that personal health is the sure and solid foundation of success. **PEERLESS** not only gratifies the palate, but is a natural health-giving, tonic beer. It sparkles with life, and it foams with strength. Brewed before Kipling was born, even as it is brewed this very day—"From nature's ripest barley, malt and hops, and water bubbling clear from granite rocks." Bottled at the brewery only. Warranted to keep in any climate from "palm to pine," for it is mellowed for months and every bottle scientifically sterilized. Sold everywhere. Ask for it and insist on getting it. Telephone your order for a case this very day to be sent home. It will preserve your health and gladden your heart.

WARMER WEATHER
THE NEED

New York, June 3.—R. G. Dun & Co.'s Weekly Review of Trade says: Warmer weather is needed to restore normal conditions both in trade circles and on the farms. The season opened bright with promise, dealers preparing for a heavy spring business, but abnormally low temperature and excessive moisture retarded consumption and burdensome stocks must be carried over, unless accumulations are reduced by clearance sales at bargain prices. A few weeks of hot weather would greatly improve the situation, however, particularly as to the agricultural outlook, which would be reflected in other industries very promptly.

A little weakness is noted in pig iron, but most lines of finished steel are in good demand, and confidence is expressed in results a month hence, unless there should be a serious controversy regarding wages. Other leading branches of manufacture are making favorable reports, the rise in prices of raw material acting as a stimulus at textile mills, but any excessive inflation would prove injurious. Failures this week in the United States are 198, against 211 last week, 234 the preceding week and 220 the corresponding week last year. Failures in Canada number 29, against 19 last week, 11 the preceding week and 20 last year.

Excursion Tickets to Milwaukee, Wis. Via the Northwestern Line, will be sold June 16 to 22, inclusive, with favorable return limits, on account of Biennial Meeting of Modern Woodmen. Apply to agents Chicago & Northwestern Ry.

NORWAY PREPARES
FOR WAR IN
PEACEPEACEFUL COUNTRY
GRINDING HER KNIFE

Bergen, June 3. — Norwegians are not alarmed by the hints of eminent Swedes that isolated Norway will become the prey of foreign aggression. German intervention would be more likely than any other. The fear of any move on the part of the kaiser is practically absent. However, the nation is prepared to take care of itself, it need be by force of arms. Every preparation has been completed to repel attack from any quarter whatever.

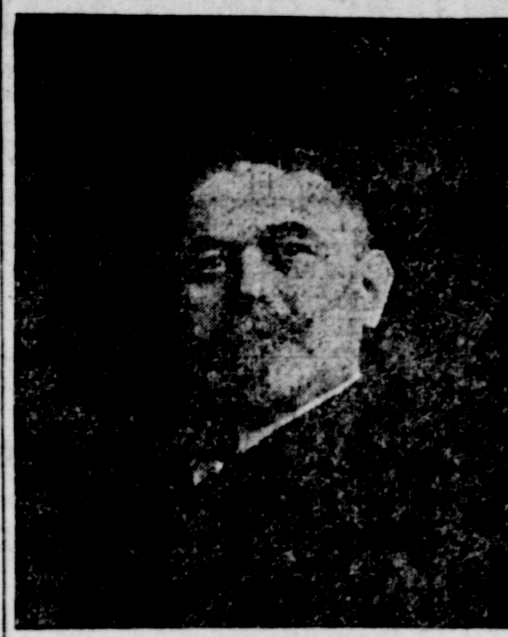

Red flags as Danger Signals.
Red flags have been placed in the hands of the rectors of churches in rural and town districts to be displayed on the steeples in the event of danger. This signal will be emphasized by the ringing of the church bells for twenty-four hours. Norway has no secret service, but is organizing one. Its field artillery is perhaps the best in the world. The navy is feeble as regards big ships, but the inlets can be easily barred by mines and the entrances by sea to Christiania, Christiansand, Bergen and Trondhjem are powerfully fortified. Stavanger is the only important place that is not fortified.Two New Battleships Secured.
It is rumored that the premier has secured two new battleships and has arranged large loans of between 150,000,000 francs (\$28,950,000) and 200,000,000 francs (\$38,900,000) from France and additional amounts from other countries. Besides the Norwegians are what we call "savings-bank rich." It is estimated that 500,000,000 kroner (\$134,000,000) can easily be raised at home.Other Preparations for War.
It has been carefully ascertained by the military authorities how many horses can be spared by farmers, traders and merchants. Quantities of provisions will be immediately available. All the forts in the kingdom are fully manned and target practice is being carried on with the enormous howitzers on the fortifications every day and night. It might be thought by an outsider that Norway is unduly anxious and is taking superfluous precautions, but the nation foresees that serious events might follow a break with Sweden and does not intend to lay itself open to condemnation for having assumed duties toward itself and its neighbors it is not prepared properly to discharge. Sweden reminds us that henceforth we must stand alone. We are preparing to do it.

BRITAIN AND AFGANISTAN

London, June 3.—In the house of lords Lord Newton (Conservative) asked for further information concerning the recent mission to Afghanistan headed by Lord Darnley, secretary for foreign affairs of the Indian government, and criticised the treaty which he said placed Great Britain in a difficult position because the ameer at any time might bring on a crisis. Foreign Secretary Lansdowne said the mission had been dispatched. Great Britain assumed the well-defined duty to go to the ameer's assistance in the event of an unprovoked attack upon Afghanistan, and the foreign relations of Afghanistan were under British guidance and control.

LABOR LEADERS' CHARGES OF CORRUPTION NOT TRUE

Chicago, June 3.—With all the probing into bribery and boodle as charged in connection with labor troubles, State's Attorney Healy declares that no evidence on which to base an indictment against an employer has been presented to the grand jury, but that he is working on a new line and would go to the bottom of the scandal. "We shall go ahead in an effort to uncover facts within the statute of limitations," said Healy. "The statute of limitations runs against the acts so far charged by the labor leaders. The evidence of conspiracy has not been definite. There could be no indictment for bribery or attempted bribery, as there can be no bribery unless a public official is involved."

Men Accused by the Labor Leaders.

The men accused by the labor leaders of trying to bring on and off strikes are Robert J. Thorne, of Montgomery Ward & Co., who they alleged tried to get a strike called against Sears, Roebuck & Co.; Francis S. Peabody, who is alleged to have tried to use the unions to force big office buildings to use coal instead of gas, and General Manager McCulloch, of the Chicago City Railway company, who is asserted to have offered \$10,000 to have the teamsters' strike called off during the strike on that street railway. Francis S. Peabody, the coal dealer, appeared before the grand jury inquisitors. He refused to disclose the nature of his testimony further than say it would directly contradict that of Young and Shea.

Thorne Says the Charges Are False.

Declaring that he became president of the Associated Teaming interests two years ago for the avowed purpose of ridding the community of John C. Driscoll and an organized gang of labor grafters who spread strikes for dollars and cents to effect the ruin of the businesses of those that would not submit to the "bleeding process," Robert Thorne, of Montgomery Ward & Co., characterized Shea's corruption charges as recklessly false. "I accomplished what I set out to do, and now the labor officials are coming back by throwing mud in a promiscuous manner," he said. He added that the charges against him made by Shea and Young were "recklessly false and untrue."

John A. Driscoll Is Wanted.

The absence of John C. Driscoll, formerly secretary of the Associated Teaming interests, has greatly interfered with the jury investigation. Two deputy sheriffs have been searching for him constantly, but without success. Driscoll is alleged to have shown Shea \$10,000 which Shea could have had for calling a strike against Sears, Roebuck & Co. State's Attorney Healy says that Shea and Young do not agree as to the date when that offer was made, Shea saying that it was in September and Young that it was in October, 1903.

ON THE STRIKE FIRING LINE

Farmelee Now Threatened.—The attack on Curry described.

The day's most important development in the strike situation was the prospect of a strike of 400 drivers and 100 barn men for the Farmelee company. The men have taken advantage of the present disturbances to push their demands for more wages. A strike of the Farmelee men would cripple the passenger and baggage transfer business. Then there were several riots in the lumber district, and the police drew their guns in one and fired into the air. Several policemen were hurt by bricks.

Thursday night a mob attacked Robert Cantwell, a deputy sheriff, as he was going home. He drew his revolver and shot, hitting no one. He was promptly arrested, and his gun taken from him. He had a prompt hearing and Justice Chott at the close said to him: "Here is your revolver and star. Take them out with you, and next time you are attacked shoot and shoot straight." In sentencing a man found guilty of contempt of the United States court Judge Kohlsaat gave him thirty days in jail and then suspended the sentence "during good behavior."

The case of the attack on "Strike-Breaker" Curry was begun in Judge Kohlsaat's court and an affidavit signed by six detectives was read, in which it is set forth that the affiants heard a city fireman named Daniel Garrigan abuse negro non-union drivers, calling them vile names, and shouting "Hang the niggers." They also saw him throw stones, continuing this amusement for some time. When the negroes retaliated Garrigan called on the police to arrest them.

The affidavit also says that Garrigan was heard to say that he would "get Curry," and proceeds: "While Curry stood on the platform a teamster walked up to him and said: 'I'll get you Curry.' Curry stepped to the side of a policeman wearing star 2,854, whereupon the policeman pinned his arms to his side, and the teamster struck Curry in the left eye. Curry then remarked he would not have 'got me' if the policeman had not interfered. The officer who held Curry was later identified as possessing star 2,854 and the teamster who struck Curry as Charles Johnson."

Cheap Gasoline for Autos.

Cleveland, June 3.—The Standard Oil company has reduced the price of naphtha and gasoline from 1/2 cent to 1 cent a gallon. On tank wagon naphtha and gasoline the reduction is 1/2 cent a gallon, while on barrel goods the quotations are cut 1 cent a gallon. V. M. and P. naphtha is now quoted at 11 cents, deodorized stove gasoline at 11 cents and 74 degrees to 76 degree gasoline at 13 cents.

BLOW TO FRENCH POLICY

Paris, June 3.—Although official confirmation is withheld it is now generally accepted here that the report from Tangier to the effect that the sultan of Morocco had declined the French propositions for the reform of Morocco unless approved by an international conference was correct. This is widely commented upon as amounting to a check to, if not a failure of, the French mission sent to Fez, as well as a check to the entire French policy in Morocco.

Only the absorbing attention given to King Alfonso prevents a renewal of the storm of protest against Germany, as an international conference would be considered to be the result of the influence of Count von Tattenbach-Ashold (head of the German mission to Fez) with the sultan. The French statesmen continue to rely on Great Britain, Italy and Spain refusing to join the proposed conference, which with the refusal of France and Russia, and possibly the indifference of the United States, would leave the conference without any membership except Germany.

TWO THEATRES IN FLAMES

Pittsburg, June 3.—One of the most exciting and spectacular fires that has visited Pittsburg in recent years broke out in the Avenue theater shortly before 4 p. m., and before it was subdued had completely destroyed the Avenue and partly wrecked the Grand Opera House, adjoining, but fortunately no panic resulted and no lives were lost. The loss will reach \$150,000, fully insured. The cause of the fire is believed to be traceable to crossed wires.

The Avenue was probably the oldest show house in the city and recently has been used, for vaudeville. The building was erected in the 50's, and was valued at \$75,000. It is completely ruined. It belonged to the Sarah C. Miller estate, the heirs of which are Mrs. Thomas Carnegie, and others. The damage to the opera house, which was caused mostly by water, will represent probably \$25,000.

ALFALFA BY IRRIGATION YELLOWSTONE VALLEY, MONTANA.

There are more than 60,000 acres of land watered by irrigation ditches and peculiarly adapted to the raising of alfalfa, for sale in the Yellowstone valley west of Billings, Mont.

The soil varies from gumbo to sandy loam, and alfalfa does well on all of it. The following figures show what alfalfa will do on irrigated, as compared with common hay on unirrigated, land.

One acre sown to alfalfa and irrigated, will produce 10,000 pounds of hay.

One acre in enclosed pasture, 500 pounds.

One acre of range averages 250 pounds. Or again:

One acre of irrigated alfalfa will feed one steer 400 days.

One acre of enclosed pasture will feed one steer 20 days.

One acre of average range will feed one steer 10 days.

Or putting it in the form of sheep, it will show as follows:

160 acres of irrigated alfalfa will maintain 1600 sheep one year.

160 acres of enclosed pasture will maintain 80 sheep one year.

And 160 acres of range will maintain 40 sheep one year.
